In re Application of  
Edward Nolan et al.  
Application No. 10/756,946  
Filed: January 13, 2004  
Attorney Docket No. GTI-1130-CT2

**OFFICE OF PETITIONS**  
  
ON PETITION

This is a decision on the petition under the unintentional provisions of 37 CFR 1.137(b), filed February 27, 2008, to revive the above-identified application.

The petition is **DISMISSED**.

Any request for reconsideration of this decision must be submitted within TWO (2) MONTHS from the mail date of this decision. Extensions of time under 37 CFR 1.136(a) are permitted. The reconsideration request should include a cover letter entitled "Renewed Petition under 37 CFR 1.137(b)." This is **not** a final agency action within the meaning of 5 U.S.C. § 704.

The application became abandoned for failure to timely pay the issue and publication fees on or before November 1, 2006, as required by the Notice of Allowance and Fee(s) Due, mailed August 1, 2006, which set a statutory period for reply of three (3) months. Accordingly, the application became abandoned on November 2, 2006.

A grantable petition under 37 CFR 1.137(b) must be accompanied by: (1) the required reply, unless previously filed; (2) the petition fee as set forth in 37 CFR 1.17(m); (3) a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional; and (4) any terminal disclaimer (and fee as set forth in 37 CFR 1.20(d)) required by 37 CFR 1.137(d). Where there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137 was unintentional, the Director may require additional information. See MPEP 711.03(c)(II)(C) and (D). The instant petition lacks item(s) (2).

Petitioner has stated on the PTOL-85(b) (Issue Fee Transmittal) that "[a]pplicant is no longer claiming SMALL ENTITY status," paid the issue fee (\$1440) as an large entity and the petition fee (\$770) as a small entity. Accordingly, since petitioner is no longer claiming small entity the petition fee **can not** be paid at small entity fee rate. However, effective October 2, 2008, the Patent and Trademark Office fees has increased. A petition to revive under large entity is now \$1620, and the balance owed reflects the new current fees. Therefore, petitioner must submit the balance of \$850 towards the fee for a petition to revive under 37 CFR 1.137(b) before this application can be revived.

The instant petition is signed by the attorney of record. However, the address on the petition differs from the address of record. There is no indication that a new change of address has been filed. Therefore, if petitioner desires to receive future correspondence to the address listed on the petition regarding this application, the appropriate change of address must be submitted. A courtesy copy of this decision is being mailed to petitioner. Nevertheless, all future correspondence regarding this application file will be directed solely to the address of record until otherwise instructed.

Further correspondence with respect to this matter should be addressed as follows:

[NOTE: The United States Patent and Trademark Office may require additional information if there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137(b) was unintentional (MPEP 711.03(c), subsections (III)(C) and (D)).]

**WARNING:**

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.
